WINSUPPLY EXCLUSIVE SHOWROOM
PROGRAM.

WE **DESIGN** SPACES
THAT CREATE LASTING
CONNECTIONS.

REFRESH WITHOUT RENOVATING.

Are you looking to refresh your showroom, but don't want to go through a full renovation? Frustrated with tired displays that make products look cheap and outdated? Take control of your showroom with contemporary display fixtures engineered for decorative plumbing products.

With ready-to-install displays shipped directly to you, you save time, money and energy. This is the showroom solution that allows you to select a full suite of display fixtures and transform your space in just a few clicks.

The power to refresh your showroom is in your hands. Simply select the collection of displays you need, meet the \$10,000 minimum order amount, install your products and start selling.

THE SHOWROOM EXPERTS.

With over 40 years of experience designing and manufacturing displays for the kitchen and bath industry, SH has an in-depth understanding of the needs of showroom owners and managers.

SH Display Fixtures offers a line of durable display fixtures ideal for showroom owners and managers who want to refresh their space without investing in a full renovation. Each unit is engineered using data collected after working on hundreds of showrooms, leading to display fixtures in the sizes, finishes and configurations that fit any showroom environment.

WHICH ONE IS RIGHT FOR ME ?

With SH Design-Build and SH Display Fixtures, there are now two ways for showroom owners or managers to create spaces that work for clients, staff and the bottom line. Depending on your needs, you can receive full support, from design to installation, or opt for a fast, easy showroom refresh that eliminates the need for a full-scale renovation.

The choice is yours!
