

# DESIGN TIMELINE

For Floor Plan and Modular Display Design

## Design Form, CAD Plan & Photos

- Fill out the SH design form in as much detail as possible. We can help you with the questions.
- Send photos and CAD files so we have a complete idea of the space. If you do not have a CAD plan, we can help you with a dimensions survey and prepare the file.

START

## Professional Design Consultation

- One-on-one phone call with our design specialists.
- We discuss your unique vision and specific showroom challenges.

## Preliminary Floor Plan

- We present the first draft of the floor plan and a layout strategy.
- Give us feedback about the overall design.

## Product / Merchandise Plan

- Fill out the provided Excel sheet with all necessary product details.
  - We design custom display modules around your products specifications.
- Let us know about any manufacturer /supply display requirements.

## Concept & Style

- We present a variety of style options: color, finish, materials, graphic solutions.
- We incorporate your brand logos, colors and personality.

## Final Floor Plan

- We present a final floor plan incorporating all your products.
  - SH custom display modules and manufacturer displays are clearly indicated.

## 3D Renders

- Take a virtual walk through your new showroom.
- See all products and all displays placed as they will be during installation.
